

AIR FORCE RESERVE

ORGANIZATION

This outline represents the primary locations which fall under the control of one of the three numbered Air Forces which make up the Air Force Reserve. These locations may be Air Force Bases, Air Reserve Bases or air stations that could be shared with another branch of the military. There also could be several "tenant units" assigned to different Air Forces at each of these locations.

The Air Force Reserve Command has three numbered air forces and a Force Generation Center.

4th Air Force

Fourth Air Force, March Air Reserve Base, Calif., and its subordinate units are responsible for “strategic reach forces,” which includes aerial refueling and long-range, strategic airlift missions.

4th Air Force, March ARB, CA
